

ROBOT MASK - GREEN

1. Cut around the outline shape with scissors.
2. Cut out the holes for the eyes. Cut the dashed line to lift up a little flap for the nose.
3. Attach strings to the sides. Fold and glue the side flaps for extra strength.

Print on heavy weight paper for strength.

IMPORTANT

ALWAYS supervise children if they use scissors and glue.
NEVER let them use craft knives.
Paper edges can be sharp so please take care.
